Message to Shareholders

Again, I would like to convey my thanks to all of our shareholders for your support of the Bridgestone Group.

Changes in the business environment of the Group are proceeding at a faster pace and on a larger scale than ever before, and we recognize that turbulent times persist. Precisely because we are amid such conditions, the Group continuously bases all activities on our corporate philosophy and remains firmly committed to the principles of delivering lean, strategic operations, while we continue to work to optimize the Group on a global basis. Accordingly, the Group will continue implementing management improvements, using our Strategic Business Unit (SBU) organization and Mid-Term Management Plan as tools to help us achieve our ultimate goal of becoming a truly global company and achieving Dan-Totsu in all aspects of our business.

In addition to advancing the improvement of governance systems in terms of management, an example of specific results achieved includes completing the first stage of enhancing the structure of our mission and foundation framework by establishing the global CSR structure "Our Way to Serve." We continue to implement initiatives as we work towards the next stage of management enhancements. In addition, in terms of business execution, we are steadily raising the levels of both management and business execution through efforts such as increasing the quality of decision-making through open and constructive discussions as we strive to enhance the global business execution structure.

In particular, this year marks the 50th year since we have modernized our operations by establishing "Serving Society with Superior Quality" as our business creed and receiving the Deming Prize, the highest-level award in the world regarding comprehensive quality management in 1968. We continuously renew our commitment to this management mindset, which is a part of our tradition and corporate DNA. We will also continue to solidify the unique management foundation of the Bridgestone Group as we identify the areas necessary for change with our future vision in mind.

Accordingly, we will continue to focus on the following three priority issues as we implement our management reform.

- 1. Cultivating global corporate culture: Advance brand strategy, innovation, continuous Kaizen
- 2. Developing human resources capable of global management: Advance the development and promotion of diverse talent
- 3. Upgrading the global management structure: Enhancing governance systems, expanding the Diversified Products business

Finally, in February this year, we welcomed our first Olympic Winter Games, the Olympic Winter Games Pyeong Chang 2018, as a Worldwide Olympic Partner. With the Olympic and Paralympic Games Tokyo 2020 in mind, we will continue to invest in efforts to improve the value of our global brand and support a diverse group of athletes aiming for medals at the Olympic and Paralympic Games based on the theme, "Chase Your Dream."

I would like to thank our shareholders for their continued support and encouragement in the years ahead.

March 2018

Masaaki Tsuya

Member of the Board

CEO and Representative Executive Officer

Concurrently Chairman of the Board

(Attachment to the Notice of the 98th Annual General Meeting of Shareholders)

Business Report

(January 1, 2017 through December 31, 2017)

I. CURRENT STATUS OF THE BRIDGESTONE GROUP

1. Business Developments and Results of Operations

The Bridgestone Group (the "Group") operating environment showed signs of gradual recovery in the domestic economy during this fiscal year. However, an unclear situation continued due to the uncertainty of the overseas economies. While the U.S. economy is continuing on a solid recovery path, the European economic outlook is showing gradual recovery but remained unstable as a result of the United Kingdom leaving the European Union (EU). In Asia, the Chinese economic growth had shown signs of recovery. Overall, many overseas economies continued to recover gradually in the midst of the continued political and economic instability. In addition, tire demand for mining vehicles increased along with recovering mineral prices.

Under these operating conditions, the Group continued its work to realize the ultimate goal of becoming "a truly global company" and achieving "Dan-Totsu in all aspects of its business." Stepping up efforts on a global scale, the Group focused on three priority items. In regard to the first priority item, "cultivating global corporate culture," the Group promoted brand strategies through sponsorship and support activities for the Tokyo 2020 Olympic and Paralympic Games. The Group also continued with its innovation of technology, business model, and design, including the development of highly competitive products and services in global markets, as well as building and enhancing the solutions business that extends beyond the sales of products. Moreover, in regard to the second priority item: "developing human resources capable of global management" and the third priority item: "upgrading the global management structure," the Group continuously strives to implement various measures for management reform, aimed at developing diverse human resources and reforming its governance structure by investing appropriate costs.

As a result, net sales in fiscal year 2017 were ¥3,643.4 billion, an increase of 9% from fiscal year 2016; operating income was ¥419.0 billion, a decrease of 7% and ordinary income was ¥400.5 billion, a decrease of 7%, due in part to increasing raw material costs; and profit attributable to owners of parent was ¥288.2 billion, an increase of 9%.

(1) Developments and results by business segment

In **the tires segment**, the Group worked to maximize sales by introducing appealing new products globally, reinforcing fundamental competencies, and responding promptly to demand fluctuation in each region. In addition, the Group adjusted product prices appropriately to respond to the rising prices of raw materials, which continued from the previous year.

In Japan, the unit sales of tires for passenger cars, light trucks, and trucks and buses increased steadily compared to fiscal year 2016. In the Americas, the unit sales of tires for passenger cars and light trucks decreased in North America while the unit sales of tires for trucks and buses showed a positive upward trend compared to fiscal year 2016. In Europe, the unit sales of tires for passenger cars, light trucks, and trucks and buses increased steadily compared to fiscal year 2016. In China and Asia Pacific, the unit sales of tires for passenger cars and light trucks showed steady growth in the number of tires sold and the unit sales of tires for trucks and buses increased considerably compared to fiscal year 2016. In the specialty tire business, there was a significant increase in the sales of large and ultra-large off-the-road radial tires for construction and mining vehicles compared to fiscal year 2016.

As a result of tire sales above, net sales in the tires segment during fiscal year 2017 were ¥3,031.1 billion, an increase of 10% from fiscal year 2016, while operating income was ¥387.1 billion, a decrease of 7% from fiscal year 2016, due to the increase of raw material costs.

In **the diversified products segment**, net sales were ¥627.8 billion, an increase of 7% from fiscal year 2016 while operating income was ¥31.8 billion, a decrease of 8% from fiscal year 2016, due to a decrease in the profit of domestic business.

| Business segments | Products and operations | | | |

(2) Research and development (R&D)

The Group aims to achieve the corporate mission of "Serving Society with Superior Quality." It conducts R&D activities in accordance with the Mid-Term Management Plan (MTP) to establish a fiercely competitive business on a global basis through innovation in technology and business models, and by strengthening design capabilities that creatively link corporate activities with customers and the society. Moreover, the Group promotes the optimization in its R&D structure on a global basis and proactively cooperates with external parties to further enhance the effectiveness of R&D activities.

The tires segment is based on the development philosophy of "safety and peace-of-mind" for stakeholders and seeks to create new added value through commitment to the environment, safety, and comfort.

The Group has succeeded in the development of a technology that strikes a superior balance between safety, economical efficiency, and quietness of the product based on a combined technology of the "active foam rubber 2" and the new "asymmetric patterns,"

which delivers high-gripping performance on icy roads, and further utilizing the tire design technology at the molecular level called "NanoPro-Tech" (Nanostructure-Oriented Properties Control Technology). In addition, the Group provides customers with high-value-added, high-quality products by implementation of the tire-assembling system called "EXAMATION," which combines Artificial Intelligence (AI) with the proprietary Information and Communication Technology (ICT), at the Hikone Plant in Japan and the Tatabánya Plant in Hungary.

In **the diversified products segment**, the Group has developed a next-generation bicycle tire as an effort to realize practical application of the "Air Free Concept," a technology for creating tires that do not need to be inflated with air. In addition, the Group continues to advance the commercialization of the "Smart Siphon" drainage system that contributes to improving the flexibility of water supply equipment placement in buildings. The Group conducts R&D activities to deliver products that improve customer satisfaction by meeting constantly changing market needs and developing a business that supports social infrastructures.

As a part of its efforts to collaborate with external parties, the Group participates in the "Impulsing Paradigm Change through Disruptive Technologies Program (ImPACT)," to develop a hydraulic drive, high-power artificial muscle. It is one of the keys to creation of "tough robots" that can be used in extreme conditions at disaster sites.

Additionally, the Company has reinforced its R&D activities to strengthen the competitiveness of its solutions business to deliver value to customers beyond the boundary of existing services. The Company combines technology from both the tire and diversified products domains, along with ICT, and packages them as a new service to our customers. The Pilbara Mining Solution Centre, the new mining solution business base, utilizes digital solution platforms developed by the Group, including the "B-TAG" (Bridgestone Intelligent Tag), which delivers real-time information on running tires to operation managers, and tire and rim management software called "TreadStat," to accumulate and analyze data, and thereby contributes to customers' business operations through improving productivity, increasing asset value, and optimizing costs.

2. Capital Investment

The Group makes strategic investments in expanding the supply of high-value-added products, optimizing its service structure, and improving quality and productivity, as well as expanding R&D facilities and continuing to build a solution business model. Consequently, the Group's capital investment amounted to ¥234.8 billion in fiscal year 2017.

In **the tires segment**, the Group continued with construction of new plants in Thailand, for off-the-road radial tires for construction and mining vehicles, and for aircraft tires. In addition, the Group shifted its focus to the production of high-value-added products in the U.S. and other existing plants, and improved product quality and plant productivity through a capital investment of ¥214.9 billion in fiscal year 2017.

In **the diversified products segment**, the Group made capital investments of ¥19.9 billion in fiscal year 2017, including the investment in diversified business in the U.S.

3. Financing

The Group continues to diversify its funding sources and to secure long-term financing. To that end, in fiscal year 2017 the Group raised funds by using long-term borrowings of ¥37.1 billion, issuance of bonds of ¥150.0 billion, and other methods.

At the period-end, the total interest-bearing debt (see note below) was ¥459.0 billion, an increase of ¥116.2 billion as compared to the previous period-end.

Note: Interest-bearing debt includes short-term debt, bonds, long-term debt and obligations under finance leases.

4. Management Tasks

The Group's operating environment is undergoing substantial change in a wide range of areas, including international relations, politics, economics, environmental issues, and technological innovation. Social structures and consumer attitudes are also changing significantly.

In this setting, the Group follows a corporate philosophy that consists of the mission "Serving Society with Superior Quality." The four foundations for fulfilling this mission are: "Seijitsu-Kyocho [Integrity and Teamwork];" "Shinshu-Dokuso [Creative Pioneering];" "Genbutsu-Genba [Decision-Making Based on Verified, On-Site Observations];" and "Jukuryo-Danko [Decisive Action after Thorough Planning]," as well as the Safety Mission Statement, the Quality Mission Statement, and the Environmental Mission Statement. Based on this corporate philosophy, the Group will pursue its ultimate goal of becoming "a truly global company" and achieving "Dan-Totsu in all aspects of our business."

To achieve the goals outlined above, the Group remains firmly committed to the principles of "Lean & Strategic" and "Optimize on a Group and Global basis." In other words, the Group maintains an optimum balance between short-term and mid- to long-term management measures, with a focus on "Lean" in the short-term and "Strategic" in the mid- to long-terms. At the same time, the Group continues to implement management reforms, giving the highest priority to optimization on a Group and Global basis. The Group also aims to meet the management targets set within the MTP announced in October 2017, such as consistently delivering and achieving "Growth: Exceed the industry average;" "Overall: ROA 6%, OP 10%, and ROE 12%;" and "Each SBU: OP 10% (Respectively)."

In accordance with this fundamental approach, the Group makes full use of "the Strategic Business Unit (SBU) organization" and the MTP as tools to continue to focus on three priority items: "cultivating global corporate culture;" "developing human resources capable of global management;" and "upgrading the global management structure," to improve the quality and the speed of management reforms.

In regard to the first priority item, "cultivating a global corporate culture," the Group ensures group and global consistency, promoting the brand strategy as a part of a fully integrated marketing strategy. In addition, as a Worldwide Olympic Partner and Tokyo

2020 Paralympic Gold Partner, the Group builds "Team Bridgestone," whose members include athlete ambassadors who serve as the face of Bridgestone activities, athletes who rise to the challenge with the athlete ambassadors on the pathway to the podium, and all their supporters, embodying the Group's global Olympic message entitled "Chase Your Dream," and continues to strengthen the global brand.

Furthermore, the Group accelerates innovation through the use of ICT and company-wide value chain in an operating environment undergoing significant changes. The Group is striving to optimize global R&D structures and promote innovations in both technologies and business models in order to globally expand the Group's highly competitive products and services and strengthen and develop business solutions. The Group will also make ongoing efforts to improve all aspects of its management. By taking these measures, the Group creates value for the customer and ensures its competitive advantage.

To achieve the second item, "developing human resources capable of global management," the Group will implement measures, such as programs to nurture global leaders. Further, the Group is enhancing the development of a work environment and human resources structure that allows diverse personnel to demonstrate their full potential. To attain this objective, the Group has designated English as the official company language in international meetings, including Global EXCO (Global Executive Committee) Meetings, the highest body of global business execution.

In regard to the third item, "upgrading the global management structure," the Group is focused on enhancing governance systems and expanding the diversified products business. To enhance governance systems, the Group has shifted to the "Company with Nominating Committee, etc." model of corporate governance in March 2016, to further improve its internal control systems and speed of decision-making. Aiming to evolve both the efficiency and effectiveness of management and business execution, the Group will continue to develop the global management system, such as clarifying authority and responsibility, optimizing allocation of decision-making authority, and reviewing the SBU organization structure. To expand the diversified products business, the Group works to ensure further growth and improvements through globalization of the business of seismic isolators for buildings, developing next-generation bicycle parts designed using innovative technology, and expanding the business in the sports and health field through increasing sports schools and classes. The Group will further strengthen its business

solutions, including services, beyond the mere combination of various products, including tires.

In addition, the Group will increase efforts to enhance systems that support the fulfillment of its responsibilities to stakeholders. As for internal control, the Group will conduct reviews of its policy, when necessary, for the development of internal control systems to ensure the appropriateness of operations. The Group has redefined its global corporate social responsibility (CSR) commitment, now termed as "Our Way to Serve," in March 2017, as an initiative for continually working toward a sustainable society and resolving social issues. "Our Way to Serve" organizes the Group's CSR efforts under the three priority areas: Mobility; People; and Environment. These priority areas and the Management Fundamentals which are those expected of any responsible company in six areas work together as "a pair of wheels," and the Group will continue to improve the way people move, live, work and play.

5. Assets and Operating Results

| | Unit | FY 2013 | FY 2014 | FY 2015 | FY 2016 | FY 2017 |
|-----------------------------------------|-----------------|-----------|-----------|-----------|-----------|-----------|
| Net Sales | Yen in millions | 3,568,091 | 3,673,964 | 3,790,251 | 3,337,017 | 3,643,427 |
| Profit attributable to owners of parent | Yen in millions | 202,053 | 300,589 | 284,294 | 265,550 | 288,275 |
| Net Income per Share | Yen | 258.10 | 383.84 | 362.99 | 339.04 | 375.67 |
| Total Assets | Yen in millions | 3,577,045 | 3,960,908 | 3,795,846 | 3,716,030 | 3,959,038 |

Note 1: Net income per share is calculated using the average number of shares during each period.

Note 2: Profit attributable to owners of parent for fiscal year 2014 significantly increased from fiscal year 2013 due to the loss related to the U.S. antitrust law in the previous period.

Additionally, total assets for fiscal year 2014 increased significantly from fiscal year 2013 mainly due to the continuing depreciation of the Japanese yen.

The significant decrease in net sales in fiscal year 2016 as compared to fiscal year 2015 is mainly due to the continuing appreciation of the Japanese yen.

Note 3: BRIDGESTONE EUROPE NV/SA, a consolidated overseas subsidiary of the Company, has adopted International Financial Reporting Standards (IFRS) in its consolidated financial statements

from fiscal year 2017. The changes in accounting policy resulting from the adoption of IFRS are applied retrospectively, and therefore, total assets and other items for fiscal year 2016 are adjusted retrospectively.

6. Major Subsidiaries

| Company | Location | Capital | Ownership | Primary Operations |
|-----------------------------------------------------|---------------------|--------------------------------|--------------------|---------------------------------------------------------------------------------------------------------|
| Bridgestone Tire Japan Co., Ltd. | Chuo-ku, Tokyo | Yen in millions 710 | 100.0% | Management of domestic sale of tires for replacement market and sale of tires |

3. Remuneration of Members of the Board and Executive Officers for the current period

(1) Total amount of remuneration and the number of recipients by the categories of directors

| | Categories | Total amount of remuneration (Yen in millions) | Number of recipients (in persons) |
|-------------------|------------------------------|------------------------------------------------|-----------------------------------|
| Men | nber of the Board | 201 | 12 |
| | (of which Outside Directors) | 109 | 7 |
| Executive Officer | | 685 | 9 |
| Total | | 886 | 21 |

Note: The figures above include remuneration paid to one Member of the Board and four Executive Officers who resigned during the current period.

(2) Policy and process for setting Executives' remuneration

i. Policy for setting Executives' remuneration

The Company has adopted "Principles for Remuneration Setting," with four elements: to attract and cultivate superior talent, to support a competitive remuneration level, to provide motivation for the execution of business strategies, and to provide motivation for enhancing shareholder value. Based on these principles, the Company sets remuneration for the Members of the Board and Executive Officers that reflect factors such as performance results and business size, while also taking into consideration the remuneration levels of other major global companies in Japan in accordance to their role and responsibility level.

a. Remuneration for the Members of the Board

Remuneration for the Members of the Board who hold a concurrent position as Executive Officers comprised of fixed and variable components. Fixed remuneration is made up of basic remuneration for their duties, and remuneration based on the roles and responsibility of the Member of the Board and Executive Officer. Variable remuneration comprised of the group-wide performance based bonus and stock-compensation-type stock options, which was designed to provide motivation for increased mid- to long-term corporate value and to promote sharing of risk and rewards of the change in stock price with shareholders.

The Members of the Board who do not hold concurrent positions as Executive Officers, still participate in the management and contribute towards mid- to long-term business

performance and enhancement of corporate value without actually being involved in day to day operations, and therefore their fixed remuneration comprised of the basic remuneration for duties and a specific remuneration for the Members of the Board.

b. Remuneration of the Executive Officers

Remuneration for the Executive Officers comprised of fixed and variable components. Fixed remuneration is made up of the basic remuneration for their duties and a specific remuneration for the Executive Officer. Variable remuneration comprised of the groupwide performance based bonus, performance-based bonus that depends on the interim performance of their responsible areas, and stock options.

*The Company's Executives can exercise their stock-compensation-type stock options from the day after their retirement date.

ii. Policy for determining Executives' remuneration

The Compensation Committee, composed of outside directors, determines remuneration of the Members of the Board and Executive Officers. The Compensation Committee determines the compensation policy for the Members of the Board and Executive Officers, and deliberates issues regarding remuneration including the basic principles, the compensation plans, and remuneration matters in general, and determines the amounts for each position. Additionally, the allocation and rates for the group-wide performance bonuses are evaluated and determined from quantitative and qualitative perspectives. Also, if any Members of the Board or Executive Officers holds a concurrent position as Executives for any subsidiaries, the Compensation Committee also deliberates on the remuneration paid by that subsidiary.

4. Matters Related to the Outside Directors Main activities of outside directors

| Positions | Names | Attendance at meetings | Primary activities |
|---------------------------|---------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

| | | | audit structure from an objective view, |
| | | | leveraging his broad knowledge. |

V. MATTERS RELATED TO THE INDEPENDENT AUDITORS

1. Name of Independent Auditor

Deloitte Touche Tohmatsu LLC

2. Independent Auditors Compensation for the Current Period

| Ar | mount of compensation to be paid by Bridgestone Corporation | ¥317 million |
|----|-------------------------------------------------------------|----------------------------|
| to | the independent auditors | + 317 111111011 |
| | (of which amount of compensation for services set forth in | |
| | Article 2, Paragraph 1 of the Certified Public Accountants | ¥173 million |
| | Act) | |
| То | tal amount of compensation to be paid by Bridgestone | VE24 million |
| Co | orporation and its subsidiaries to the independent auditors | ¥534 million |

- Note 1: The Audit Committee checks and reviews details of the audit plan, audit activities carried out to date, trends in remuneration paid underlying any rational model applied to audit fee estimation, and non-audit fees. Subsequently, the Audit Committee agrees to the audit fees set forth in Article 2, Paragraph 1 of the Certified Public Accountants Act as stipulated in Article 399, Paragraph 1 of the Companies Act.
- Note 2: The audit agreement entered into by the independent auditors and the Company does not separately stipulate the compensation amounts for the audit under the Companies Act, the audit under the Financial Instruments and Exchange Act, and the audit on consolidated financial statements in the English language. Furthermore, those three amounts cannot be practically distinguished from one another. Hence, they are included in the amount of compensation for services set forth in Article 2, Paragraph 1 of the Certified Public Accountants Act.
- Note 3: The Company has paid consideration to the independent auditors for services (non-auditing services) other than those set forth in Article 2, Paragraph 1 of the Certified Public Accountants Act. Such services include advice and guidance on the International Financial Reporting Standards.
- Note 4: Major overseas subsidiaries are subject to be audited by overseas independent auditors other than the Company's independent auditor. Such overseas independent auditors are qualified as certified public accountants or audit corporations under relevant overseas laws and

regulations. As used herein, the term "audit" means those services intended to ensure compliance with overseas laws and regulations equivalent to the provisions in the Companies Act or the Financial Instruments and Exchange Act of Japan.

3. Policy for Determination of Dismissal or Non-reappointment of the Independent Auditor

The Audit Committee dismisses the independent auditor with a unanimous resolution in the event where it determines the independent auditor fails under any items of Article 340, Paragraph 1 of the Companies Act. In this case, the members of the Audit Committee chosen by the Audit Committee must report its decision and the reason for dismissal to the first General Meeting of Shareholders after the dismissal.

In addition, the Board of Directors submits a proposal for dismissal or non-reappointment of the independent auditor at a General Meeting of Shareholders, in the event where the Audit Committee proposes the dismissal or non-reappointment of the independent auditor as an agenda item for the meeting as it is deemed necessary to ensure a proper audit is performed or to enhance the appropriateness of the audit.

VI. SYSTEMS TO ENSURE THE PROPRIETY OF BUSINESS OPERATIONS (INTERNAL CONTROL SYSTEMS)

1. Details of Resolution

The policy detailed below was resolved at the Board of Directors meeting held on March 24, 2016. The policy shall continue to be revised as and when necessary.

(1) Systems to ensure compliance of the Executive Officers' and the employees' execution of duties related to laws and regulations and the Articles of Incorporation

a. Oversight by the Board of Directors

The Board of Directors determines management's stance and oversees the execution of duties by the Executive Officers in accordance with the Board of Director Rules. The Board of Directors ensures compliance of the execution of duties by the Executive Officers with respect to laws, regulations, and the Articles of Incorporation by reviewing reports and discussing them in its meetings.

b. Implementation and enforcement of compliance systems

The Company has formulated an approach and basic policies for implementing and enforcing the compliance systems, which call for the Executive Officers and all of its employees to uphold the corporate mission of "Serving Society with Superior Quality" and the four foundations for fulfilling the mission are: "Seijitu-Kyocho," "Shinshu-Dokuso," "Genbutsu-Genba," and "Jukuryo-Danko," in addition to compliance with laws, regulations and the Articles of Incorporation. Recognizing that compliance activities are related to corporate social responsibility (CSR), the Company will also continue to enforce compliance activities under the direction of the Chief Compliance Officer (CCO). Additionally, the Compliance Committee, as an advisory body to the Board of Directors, will lead the enhancement of the monitoring function of compliance activities in the Company and other Group companies.

c. Implementation of systems against antisocial forces

As reiterated by the Chief Executive Officer (CEO) of the Group, the Group shall continue to eliminate any relationships whatsoever with antisocial forces or groups that threaten public order and safety. The Group stands firmly against any requests from such antisocial forces or groups. The Company will continue to strengthen its internal systems against any such antisocial forces.

d. Implementation of systems for the J-SOX Act compliance

Regarding the "System for Ensuring Appropriateness of Statements on Finance and Accounting and Other information," set forth in Article 24-4-4 of the Financial Instruments and Exchange Act of Japan (the so-called "J-SOX Act"), the Group will continue to ensure that its internal controls are effective and reliable on a group-wide basis and to further raise the level of internal control throughout the Group.

(2) Systems to preserve and manage information pertaining to the execution of duties by the Executive Officers

The Company documents information related to the execution of duties by the Executive Officers without delay and ensures appropriate information management.

(3) Rules and other systems regarding risk management

The Company reaffirmed the importance of risk management in CSR programs and continues to strengthen the system to comprehensively manage risks that could have a major influence on the operating activities of the Company and other Group companies in accordance with the Basic Manual for Risk Management under the leadership of the Chief Risk Officer (CRO).

(4) Systems to ensure the efficient execution of duties by Executive Officers

The Company articulates and implements its policies in accordance with the Policy Management Rules, and conducts the efficient execution of duties by the Executive Officers in accordance with the Board of Directors Rules and the Administrative Authority Rules. The Company will also review and revise such rules as necessary.

(5) Systems to ensure the propriety of business operations conducted by the corporate group consisting of the Company and its subsidiaries

Each Group company conducts business operations and makes decisions in accordance with its company policy, having shared internally the Group management policies which have been approved by appropriate institutions. From the Group optimization perspective, the Company advises or approves certain significant matters of its subsidiaries. In addition, the Company promotes the system implementation described in (1) or (4) above at each subsidiary. Subsidiaries are required to report necessary matters to the Company in accordance with the company's policies. The Company has established the Internal Auditing Department, which performs periodic audit of the management of the Company and the Group companies, to strengthen its

organization and business activities. These policies, systems, and activities ensure the propriety of business operations conducted by the Group, namely by the Company and its subsidiaries.

(6) Matters concerning employees requested to assist the Audit Committee's duties, the independence of those employees from Executive Officers, and policies on operational procedures relating to advances or reimbursement of expenses and policies for processing other expenses or liabilities associated with the execution of duties by the Audit Committee

In order to assist the Audit Committee, the Company has assigned a Corporate Officer dedicated to audit, and under him/her established a department dedicated to assist the Audit Committee with their duties, whose independence is mandated. All the expenses associated with the execution of duties by the Audit Committee are fully compensated.

(7) Systems for the Members of the Board, Corporate Auditors, Executive Officers, Corporate Officers, and employees of the Company and other Group companies to report to the Audit Committee, other reporting systems to the Audit Committee, and other systems to ensure effective audits by the Audit Committee

The Company provides Members of the Audit Committee with opportunities to attend important committee meetings related to the execution of business operations as well as the meeting of the Board of Directors. When reporting to the Audit Committee is required, the Members of the Board, Executive Officers, Corporate Officers and employees of the Company, and the Members of the Board, Corporate Auditors, Corporate Officers, and employees of the Group companies, must do so periodically or without delay. In addition, the Company implements systems to immediately report to the Audit Committee any fact that may significantly affect the Company and the Group companies, and also prohibits unfavorable treatment of the Members of the Board, Executive Officers, Corporate Officers and employees of the Company, and the Members of the Board, Corporate Auditors, Corporate Officers and employees of the Group companies, for reporting to the Audit Committee. Further, the Company implements other systems needed to ensure that the audit by the Audit Committee for the Company and the Group companies are effective.

2. Details of Operational Status

(1) Systems to ensure compliance of the Executive Officers' and the employees' execution of duties related to laws and regulations and the Articles of Incorporation

a. Oversight by the Board of Directors

The Company determines management's stance and significant matters related to the execution of operations to be resolved at meetings of the Board of Directors in accordance with the Articles of Incorporation and the Board of Directors Rules and Administrative Authority Rules. The Board of Directors makes decisions on these matters after careful consideration. There is a specialized department that ensures compliance with the Administrative Authority Rules and, while ensuring the appropriateness of (5) below, confirms matters subject to the decision-making of the Board of Directors. Further, this specialized department periodically reports to the Board of Directors, as appropriate and in accordance with the applicable procedures, the status of matters subject to the decision-making of the Board of Directors in accordance with the guidelines for matters to be discussed at the Board of Directors Meeting, and the status of operations related to the policy to develop internal control systems. Through these reports, the Board of Directors oversees the execution of duties by the Executive Officers.

b. Implementation and enforcement of compliance systems

The Company, based on its compliance policy, has implemented measures such as operation of a Compliance Consultation Office, which serves as a helpline to promote compliance education to the Company's Executive Officers, Corporate Officers, and employees, as well as for the Group companies' Members of the Board, Corporate Officers, and employees through a specialized compliance department. Additionally, the Audit Committee, the Compliance Committee, which is an advisory body to the Board of Directors, and the various Executive Operational Committee confirm and deliberate on the status of the Company's and the Group's compliance activities.

c. Implementation of systems against antisocial forces

The Company, through a specialized department related to antisocial forces and groups, has thoroughly raised awareness about its policy of taking a resolute stand against any requests from antisocial forces or groups. Further, the Company has implemented measures such as central information management, building trust and

cooperation with the police and related external organizations, and reviewing and revising its contracts with clients. Awareness has been thoroughly raised throughout the Company about these measures through training and information available on the Company's intranet.

d. Implementation of systems for the J-SOX Act compliance

In order to increase the effectiveness of its system of internal controls on a group-wide basis, the Company offers support and training for improving self-evaluation and effectiveness of entity level controls through a dedicated J-SOX department. In addition to self-evaluation, periodic audits of internal control activities are conducted by the Internal Auditing Department and each auditing department of group entities to ensure the adequacy of the above measures. In March 2017, the 2016 internal control system report was submitted to the head of the Kanto Local Finance Bureau.

(2) Systems to preserve and manage information pertaining to the execution of duties by Executive Officers

The Company documents, without delay, the approval of business operations, the progress or completion of approved business operations and minutes of meetings of the various Executive Operational Committees and, based on related rules and procedures, has implemented measures for preventing leaks of confidential information and retains and manages documents in an appropriately searchable manner.

(3) Rules and other systems regarding risk management

The Company identifies risks arising from the course of its business activities and establishes a business continuity plan, which is reviewed and revised as needed, for risks with the potential of giving rise to particularly major accidents and disasters. In addition to facilitating understanding about these risks and rolling out a business continuity plan on a group-wide basis, the various Executive Operational Committees confirm and deliberate on the status of these activities at the Risk Management Subcommittee, which is headed by the CRO.

(4) Systems to ensure the efficient execution of duties by Executive Officers

The Company created, through deliberations by the Board of Directors, a mid-term policy, based on which it established MTP, which is currently being implemented. Additionally, in order to improve the quality and speed of decision-making, the Company reviews and revises the Board of Directors Rules and Administrative

Authority Rules and prioritizes critical business issues from amongst the matters subject to the decision-making of the Board of Directors. In addition to that, change such as the delegation of authority by the Board of Directors to business divisions, and reconsideration of the decision-making power distribution between the Representative Executive Officer and the Executive Officers can take place.

(5) Systems to ensure the propriety of business operations conducted by the corporate group consisting of the Company and its subsidiaries

In accordance with the Board of Directors Rules and Administrative Authority Rules, the Group clarifies and facilitates understanding of the Group management policy approved by the Board of Directors or CEO of the Group through the Global Executive Operational Committee, which is the highest-level committee related to the execution of operations at the global level. Based on this understanding, each Group company conducts business operations and decision-making in accordance with the Administrative Authority Rules, various related procedures, and other company rules. Nonetheless, the Company provides advice and authorization for certain important matters at the Group companies. Additionally, depending on each Group company's size of business, business practices, and regional business characteristics, the Company promotes the systems noted in (1) or (4) above for each Group company and information sharing at the various Executive Operational Committees. The Company receives necessary reports from the Group companies in accordance with its company rules. Further, the Company's Internal Auditing Department conducts periodic audit of the Company and the Group companies, and the Company is strengthening the auditing system and related activities by promoting cooperation between the Internal Auditing Department of the Company and that of the Group through information sharing sessions.

(6) Matters concerning employees requested to assist the Audit Committee's duties, the independence of those employees from the Executive Officers, and policies on operational procedures relating to advances or reimbursement of expenses and policies for processing other expenses or liabilities associated with the execution of duties by the Audit Committee

The Company assigned a Corporate Officer dedicated to assist the Audit Committee with their duties. The selection and replacement of these Corporate Officers are decided based on prior agreement and/or request from the Audit Committee. Under the Corporate Officer, the Company establishes a department dedicated to assist the Audit Committee with their duties and whose independence is mandated. Further, a

budget of a certain amount is annually established to compensate for any expense incurred for the execution of duties by the Audit Committee.

(7) Systems for the Members of the Board, Corporate Auditors, Executive Officers, Corporate Officers, and employees of the Company and other Group companies to report to the Audit Committee, other reporting systems to the Audit Committee, and other systems to ensure effective audits by the Audit Committee

The Company provides the Members of the Audit Committee with the opportunity to attend important committee meetings related to the execution of duties of the Global Executive Operational Committee in accordance with the various procedures of the Executive Operational Committee and other company rules. Items to be deliberated on by these committees are communicated in advance and deliberation results are reported via meeting minutes to the Members of Audit Committee. Key management indicators necessary for the execution of operations, including business performance, are reported without delay to the Members of the Audit Committee. Additionally, if facts come to light which would indicate the possibility of an event giving rise to significant damages, it is stipulated in the rules for executive officers that the Executive Officer must immediately report the event to the Members of the Audit Committee. Furthermore, the Compliance Department immediately reports to the Members of the Audit Committee if it is discovered that Members of the Board, Executive Officers, or employees have engaged in serious misconduct or illegal acts, or if other matters with the possibility of resulting in significant consequences are identified. Moreover, in accordance with the protection protocol of the Cartel Whistleblowing Hotline and the Bribery Report Hotline and the protection protocol of the Compliance Consultation Hotline, the Company prohibits unfavorable treatment of the Members of the Board, Executive Officers, Corporate Officers, and employees of the Company, and the Members of the Board, Corporate Auditors, and employees at the Group companies, for reporting to the Members of the Audit Committee.

Changes in the scope of consolidation

Additions: 15 companies (mainly, increased by acquisition) Deletions: 21 companies (mainly, decreased by disposal)

- (2) There are no non-consolidated subsidiaries.
- 2. Scope of application of equity-method accounting
- (1) Number of equity-method affiliates: 147 companies

Name of principal company:

BRISA BRIDGESTONE SABANCI LASTIK SANAYI VE TICARET A.S.

Changes in the scope of equity-method accounting Additions: 2 companies (increased by investment) Deletions: 3 companies (mainly, decreased by disposal)

- (2) There are no non-consolidated subsidiaries or affiliates to which equity-method accounting is not applied.
- 3. Fiscal year of consolidated subsidiaries

BRIDGESTONE INDIA PRIVATE Ltd.'s fiscal year ends on March 31. Its financial statements are prepared on the basis of a provisional settlement of accounts performed as of the date of the consolidated financial statements.

- 4. Summary of significant accounting policies
- (1) Valuation policies and methods for investments in securities

Available-for-sale securities

With market value — Fair value based on the market price, etc., at the fiscal year end

(Unrealized gain and loss, net of tax are recorded in net assets, and the moving-average method is used to calculate the cost of securities sold.)

Without market value — Primarily the moving-average cost method.

- (2) Valuation policies and methods for derivatives In principle, fair value.
- (3) Valuation policies and methods for inventories Inventories are principally stated at the lower of cost determined by the moving-average method, or net

selling value. Meanwhile, inventories held by subsidiaries in the Americas are substantially stated at the lower of cost, which is determined principally by the last-in, first-out method, or net selling value.

(4) Depreciation method for fixed assets

For tangible fixed assets, the declining-balance method is used at BRIDGESTONE CORPORATION (the "Company") and its domestic subsidiaries, and the straight-line method is used at its overseas subsidiaries. For intangible fixed assets, the straight-line method is used.

(5) Accounting policies for reserves and allowances

a) Allowance for doubtful accounts

In order to reserve for loss from the nonpayment of claims, the actual credit loss rate is used to calculate the amount to be recorded for general claims and for designated claims for which there is a concern of nonpayment, an amount based on the evaluation of potential loss in the receivables outstanding is recorded.

b) Provision for sales returns

Principally, in order to provide for future losses on the return of snow tires, historical losses are used to estimate the amount of future losses, and that amount is recorded.

c) Warranty reserve

Warranty reserve, included in other liabilities, is estimated and recorded at the time of sale to provide for future potential costs, such as costs related to after-sales services, in amounts considered to be appropriate based on past experience of the Company and its subsidiaries (collectively, the "Group").

d) Provision for environmental remediation

In order to reserve for outlays for legally required removal and disposal of polychlorinated biphenyl (PCB) and other, the estimated amount of future obligations is recorded.

e) Provision for reorganization of R&D and manufacturing base

In order to reserve for outlays related to reorganization of R&D and manufacturing base, the estimated amount of future obligations is recorded.

(6) Accounting policies for retirement benefit

a) Method of attributing projected benefit to periods

To attribute projected benefit to periods of service up to the end of the current fiscal year, the Company, its domestic subsidiaries, and certain overseas subsidiaries attribute the benefit under the benefit formula basis. In addition, at certain overseas subsidiaries, an estimated total amount of expenses for postretirement benefits except for pensions is allotted based on the number of years of service provided by the employees.

b) Method of recognizing unrecognized actuarial gain/loss and past service costs

Past service costs are treated as expenses using the straight-line method over a fixed number of years based on the average remaining years of service of the employees in the year in which the past service costs occurred (10 years for the Company and its domestic subsidiaries, 3 to 12 years for its overseas subsidiaries).

Actuarial gain/loss for the Company and its domestic subsidiaries is treated as an expense using the straight-line method over a fixed number of years (10 years) based on the average remaining years of service of the employees in the year in which the gain/loss occurs, recorded from the following fiscal year.

For certain of its overseas subsidiaries, unrecognized actuarial gain/loss at the beginning of the fiscal year that exceeds 10% of the larger of retirement benefit obligations or pension plan assets is treated as an expense using the straight-line method over a fixed number of years (8 to 12 years) based on the average remaining years of service of the employees.

(7) Accounting policies for the translation of foreign currency-denominated assets and liabilities into Japanese yen

Monetary receivables and payables denominated in foreign currencies are translated into Japanese yen at the exchange rate at the consolidated balance sheet date. The foreign currency exchange gain and loss from translation are recognized in income.

Assets and liabilities of the Company's overseas subsidiaries are translated into Japanese yen at the current exchange rate at the consolidated balance sheet date. Revenue and expense accounts of the Company's overseas subsidiaries are translated into Japanese yen at the average annual exchange rate. Differences arising from such translation are shown as foreign currency translation adjustments

and non-controlling interests in a separate component of net assets.

(8) Hedge accounting

a) Hedge accounting method

Deferred hedge accounting is applied. Designation accounting is used for forward foreign exchange and foreign currency swaps that meet the requirements for designation accounting, and exceptional accounting is used for interest rate swaps that meet the requirements for exceptional accounting.

b) Hedging instrument and items covered

<u>Instruments</u> <u>Items covered</u>

Forward foreign exchange contracts

Foreign currency-denominated monetary claims and obligations, and forecasted

foreign currency-denominated transactions

Foreign currency swaps Borrowings and bonds

Interest rate swaps Borrowings
Commodity swaps Raw materials

c) Hedging policy

Forward foreign exchange transactions are used only to cover actual foreign exchange needs, and foreign exchange swaps are made to match the principal amount and term of the hedged foreign currency-denominated obligation. Interest rate swaps are entered into for the amount of borrowings only. Commodity swaps are entered into for the trade amount of raw materials. It is the Group's policy not to use any derivative transactions for speculative purposes.

d) Method for evaluating the effectiveness of hedges

The validity of hedges is evaluated based on a comparison of total fluctuations in the cash flow or fluctuations in the market value of the hedged item with the total fluctuations in the cash flow or fluctuations in the market value of the hedging instrument. However, for items covered by designation or exceptional accounting, the validity of the hedge is not evaluated.

(9) Amortization of goodwill

Goodwill is amortized using the straight-line method over the period for which it is deemed to have effect, but not exceeding 20 years.

(10) Other significant items related to the preparation of consolidated financial statements

Accounting treatment of consumption tax

Consumption tax and local consumption taxes are excluded.

(Changes in accounting policies)

Adoption of International Financial Reporting Standards (IFRS) to Foreign Subsidiaries

BRIDGESTONE EUROPE NV/SA (BSEU) has adopted IFRS from fiscal 2017, formerly "U.S. Generally Accepted Accounting Principles (US GAAP)" was used. In determining initial application of IFRS in BSEU, the Company comprehensively evaluated factors including accounting trends and the plan for voluntary application of IFRS at the Group level.

As BSEU applied IFRS retrospectively, the cumulative effect of the revision is reflected on the net assets at the beginning of fiscal 2017. The main changes are as follows: retained earnings at the beginning of fiscal 2017 decreased by ¥7,280 million and foreign currency translation adjustments increased by ¥7,667 million.

(Changes in presentation)

Consolidated Balance Sheet

"Goodwill" was included in "Intangible fixed assets" at the end of fiscal 2016. "Goodwill" is presented separately at the end of fiscal 2017, because the materiality increased. The amount of "Goodwill" at the end of fiscal 2016 was 22,935 million yen.

(Additional Information)

Application of the Implementation Guidance on Recoverability of Deferred Tax Assets

The Company and its domestic subsidiaries have applied "Implementation Guidance on Recoverability of Deferred Tax Assets" (Accounting Standards Board of Japan (ASBJ) Guidance No. 26 of March 28, 2016), effective from fiscal 2017.

(Notes to the consolidated balance sheet)

1. Accumulated depreciation of tangible fixed assets 2,718,181 million yen

2. Assets provided as collateral and collateralized debt obligations

Assets pledged as collateral (Tangible fixed assets and others)

513 million yen

Obligations corresponding to the preceding Short-term borrowings

17 million yen

3. Balance of trade notes (without letter of credit) discounted 212 million yen

(Notes to the consolidated statement of income)

1. Impairment loss

The Group groups their assets for businesses in accordance with the classifications used for internal management. Assets to be disposed (assets that the Group plans to dispose of through scrapping or sale) and idle assets are grouped on an individual basis.

In the current period, for assets for business whose profitability has declined, assets to be disposed through planned scrapping or sale, and idle assets that are not expected to be used in the future, the carrying amounts were reduced to their recoverable amounts. As a result, the Group recognized an impairment loss of ¥10,122 million as extraordinary loss. The loss consists of ¥4,625 million for other intangible fixed assets, ¥2,416 million for machinery, equipment and vehicles, ¥1,218 million for buildings and structures, ¥973 million for land, and ¥888 million for others.

| Use | lse Classification | | Location | Amount (Yen in millions) |
|-----------------------|--------------------|------------------------------------------------------------------------------|------------------------------------|-----------------------------|
| Assets for business | r | Machinery, equipment and vehicles, Buildings and structures, Land and others | Thailand, Japan, Mexico and others | 3,771 |
| Assets to be disposed | Э | Other tangible fixed assets, Land and others | Japan and others | 6,307 |
| Idle assets | | Land | Japan | 43 |

The recoverable amounts of assets for business are principally measured by value in use, which is calculated by discounting future cash flows at a discount rate of 3.5% to 9.0%. The recoverable amounts of assets to be disposed and idle assets are measured at the net selling price. Assets to be scrapped are evaluated at memorandum value, and assets to be sold and idle assets are evaluated at the estimated selling price.

2. Expenses related to relocation of head office of Americas Operations

Relevant expenses are recognized in relation to the relocation of the head office of BRIDGESTONE AMERICAS, INC., corporate headquarters in the Americas, and the aggregation of its operation sites in the United States.

3. Loss related to civil litigation in the Americas

The Group has recorded the loss related to civil litigation in the Americas regarding sales of automobile parts.

| Treasury stock Common stock (Thousands of shares) (see Notes 1, 2 and 3) | 29,844 | 31,568 | 37 | 61,375 |

Note 1: The increase of treasury stock consists of the acquisition of treasury stock of 31,565 thousand shares pursuant to the resolution of the Board of Directors meeting, and the purchase of 2 thousand shares according to the requests from the shareholders who have odd-lot shares.

Note 2: The decrease of treasury stock consists of 37 thousand shares used for the exercise of stock options.

Note 3: At the Board of Directors meeting held on February 17, 2017, the Company resolved to cancel its treasury stock in accordance with Article 178 of the Companies Act. However, the cancellation of the following treasury stock, as resolved at the Board of Directors meeting, was not completed as

of December 31, 2017.

173,126 million yen

Carrying amount:
 Class of shares:

Common stock of Bridgestone Corporation

3) Number of shares: 51,565,900 shares

The cancellation of the treasury stock above was completed on January 19, 2018.

2. Dividends

(1) Dividend payments

^{3.} The category and number of shares to be allocated to stock acquisition rights at the fiscal year end (excluding those for which the beginning of their exercise periods has not yet occurred)

Common stock: 1,330,600 shares

(Notes to financial instruments)

- 1. Qualitative information on financial instruments
- (1) Policies for using financial instruments

The Companies raise the necessary funds mainly by bank borrowings or issuance of bonds based on funding requirements of their business activities. The Companies invest temporary cash surpluses only in highly-secured financial instruments. The Companies follow the policy of using derivative financial instruments not for speculative purposes, but for managing financial risks as described later.

(2) Details of financial instruments used and the exposures to risk

Receivables, such as notes and accounts receivable, are exposed to customer credit risk. Receivables in foreign currencies are exposed to foreign currency exchange fluctuation risk. Marketable securities consist primarily of the reservation of receivables liquidation that are exposed to customer credit risk or certificates of deposit regarded as marketable securities in accordance with US GAAP. Investments in securities consist primarily of equity securities of business partners and are exposed to market price fluctuation risk.

Payment terms of payables, such as notes and accounts payable are approximately less than one year. Payables in foreign currencies are exposed to foreign currency exchange fluctuation risk. Borrowings, bonds, and obligations under finance leases are mainly for the purpose of obtaining working capital and preparing for capital expenditures. Some borrowings and bonds with floating interest rates are exposed to interest rate fluctuation risk.

Derivative transactions consist of the use of foreign currency forward contracts and currency option contracts for the purpose of hedging foreign currency exchange fluctuation risk on receivables, payables, and forecasted transactions in foreign currencies; currency swap contracts for the purpose of hedging foreign currency exchange fluctuation risk and interest rate fluctuation risk on loans and borrowings in foreign currencies; interest rate swap contracts for the purpose of hedging interest rate fluctuation risk on borrowings; and commodity swap contracts for the purpose of hedging commodity price fluctuation risk. Hedging instruments and hedged items, hedge policy, the assessment method for hedge effectiveness, and other items related to hedge accounting are described in "Basic important matters for preparation of consolidated financial statements, 4. Summary of significant accounting policies, (8) Hedge accounting."

(3) Risk management of financial instruments

a. Management of credit risk

The Companies regularly monitor the financial position of significant customers and manage the due dates and the receivables balance of each customer to minimize the risk of defaults resulting from deterioration of a customer's financial position.

The Companies enter into derivative transactions only with highly-rated financial institutions in order to minimize counterparty risk.

The maximum credit risk as of December 31, 2017, is represented by the book value of the financial instruments exposed to credit risk in the consolidated balance sheet.

b. Management of market risk

The Company and certain subsidiaries use principally foreign currency forward contracts to hedge foreign currency exchange fluctuation risk identified by currency on a monthly basis for receivables and payables in foreign currencies, and when receivables and payables in foreign currencies are expected from forecasted transactions, foreign currency forward contracts and currency option contracts may be used. In addition, currency swap contracts are used to hedge foreign currency exchange fluctuation risk and interest rate fluctuation risk on loans and borrowings in foreign currencies; interest rate swap contracts are used to hedge interest rate fluctuation risk on borrowings; and commodity swap contracts are used to hedge commodity price fluctuation risk.

With respect to marketable and investment securities, the Company regularly monitors fair market values and financial positions of the issuers with whom it has business relations, and appropriately reviews the status of these securities considering the relationships with the issuers.

Derivative transactions are carried out under internal regulations by the responsible divisions, and details of transactions are reported to the responsible corporate officers.

c. Management of liquidity risk in financing activities

The Companies practice money management effectively by recognizing the fund position beforehand based on cash flow projections. The Companies also strive to diversify sources of financing in order to reduce liquidity

risk.

(4) Supplementary explanation on fair value of financial instruments

Fair values of financial instruments include market prices and values calculated reasonably when there is no market price. As variable factors are incorporated in calculating the relevant fair values, such values may change depending on the different assumptions.

2. Fair values of financial instruments

Carrying amounts of consolidated balance sheets, fair value, and unrealized gain/loss of the financial instruments as of December 31, 2017, are as follows. Financial instruments whose fair values are not readily determinable are excluded from the following table (see Note 2):

| | Carrying amounts of | | |
|------------------------------------------|----------------------------|-----------------|-----------------|
| | consolidated balance sheet | Fair value | Difference |
| | Yen in millions | Yen in millions | Yen in millions |
| (1) Cash and deposits | 511,895 | 511,895 | _ |
| (2) Notes and accounts receivable | 503,412 | | |
| Allowance for doubtful accounts (*1) | (17,062) | | |
| | 486,350 | 486,350 | _ |
| (3) Marketable and investment securities | 479,687 | 479,687 | _ |
| Total Assets | 1,477,932 | 1,477,932 | _ |
| (1) Notes and accounts payable | 232,698 | 232,698 | _ |
| (2) Short-term borrowings | 124,606 | 124,606 | _ |
| (3) Income taxes payable | 66,453 | 66,453 | _ |
| (4) Accounts payable-other | 169,144 | 169,144 | _ |
| (5) Bonds | 240,000 | 240,068 | (68) |
| (6) Long-term borrowings | 51,728 | 51,753 | (24) |
| Total Liabilities | 884,630 | 884,723 | (92) |
| Derivative transactions (*2) | (7,139) | (7,139) | _ |

- (*1) This item comprises the allowance for doubtful accounts in respect to notes and accounts receivable, short-term loans receivable, and others.
- (*2) Receivables and payables arising from derivative transactions are presented net. If the net amount is a liability, it is written in parentheses.

Notes

1. Calculation method of fair values of financial instruments

Assets

(1) Cash and deposits and (2) Notes and accounts receivable

The fair values approximate book values because of their short-term maturities.

(3) Marketable and investment securities

The fair values of the reservation of receivables liquidation are based on values calculated reasonably, the fair values of equity securities are based on the market prices at the stock exchanges, and the fair values of bonds are based on the market prices at the stock exchanges or on the prices disclosed by financial institutions. In addition, the fair value of certificates of deposit approximates book value because of their short-term maturity.

Liabilities

(1) Notes and accounts payable, (2) Short-term borrowings, (3) Income taxes payable and (4) Accounts payable-other The fair values approximate book values because of their short-term maturities.

(5) Bonds

The fair values of bonds with market prices are based on the market prices. The fair values of bonds without market prices are determined by discounting the aggregated values using an assumed interest rate, taking account of the credit exposure and maturities.

(6) Long-term borrowings

The fair values of long-term bank borrowings are determined by discounting the aggregated values of the

principal and interest using an assumed interest rate as if the same type of borrowings were newly made.

Derivative transactions

The fair value of derivative transactions is measured at the quoted price principally obtained from financial institutions, etc.

2. Financial instruments whose fair values are extremely difficult to calculate

| | Carrying amounts of consolidated balance | |
|-------------------------------|------------------------------------------|--|
| | sheet | |
| | Yen in millions | |
| Investments in affiliates | 16,610 | |
| Available-for-sale securities | | |
| Unlisted equity securities | 4,185 | |

It is extremely difficult to calculate the fair value because there is no market price. Therefore, these items are not included in "(3) Marketable and investment securities."

(Notes to per-share information)

Total net assets per share 3,115.69 yen
Net income per share 375.67 yen

Notes

- 1. Definition of cash and cash equivalents for Consolidated Statement of Cash Flows
 - Cash and cash equivalents included in the consolidated statement of cash flows consist of cash on hand, deposits that can be withdrawn at any time or are easily convertible, and short-term investments maturing within three months from the date of acquisition and for which the risk from price movements is deemed negligible.
- 2. Reconciliation between cash and cash equivalents at the fiscal year end and the amount shown in the Consolidated Balance Sheet

| Cash and deposits — Consolidated Balance Sheet | 511,895 million yen |
|------------------------------------------------------------------|---------------------|
| Short-term investments | 221,680 |
| Total | 733,575 |
| Time deposits, bonds, etc., with terms of more than three months | (231,778) |
| Cash and cash equivalents —Consolidated Statement of Cash Flows | 501,797 |

Notes to Non-consolidated Financial Statements

(Significant Accounting Policies)

- 1. Valuation policies and methods for assets
 - (1) Valuation policies and methods for investments in securities

Investments in subsidiaries and affiliates — the moving average cost method

Available-for-sale securities

With market value — Fai

— Fair value based on the market price, etc., at the fiscal year end (Unrealized gain and loss, net of tax are recorded in net assets, and the moving average method is used to calculate the cost of

securities sold.)

Without market value — Primarily the moving average cost method.

(2) Valuation policies and methods for derivatives

Fair value

(3) Valuation policies and methods for inventories

Inventories are principally stated at lower of cost, determined by the moving-average method, or net selling value.

- 2. Depreciation method for fixed assets
 - (1) Tangible fixed assets

The declining-balance method

(2) Intangible fixed assets

The straight-line method

- 3. Accounting policies for reserves and allowances
 - (1) Allowance for doubtful accounts

In order to reserve for loss from the nonpayment of claims, the actual credit loss rate is used to calculate the amount to be recorded for general claims, and for designated claims for which there is a concern of nonpayment, an amount based on the evaluation of potential loss in the receivables outstanding is recorded.

(2) Accrued pension and liability for retirement benefits

In order to reserve for retirement benefits for employees, an amount based on the estimated amount of projected benefit obligations and pension plan assets as of the current fiscal year end is recorded.

- a) Method of attributing projected benefits to periods
 Projected benefits are attributed to periods of service up to the end of the current fiscal year on a benefit formula basis.
- b) Method of recognizing unrecognized actuarial gain/loss and past service cost Past service cost is treated as an expense using the straight-line method over a fixed number of years (10 years) within the average remaining years of service of the employees in the year in which the past service costs occur. Actuarial gain/loss is treated as an expense using the straight-line method over a fixed number of years (10 years) within the average remaining years of service of the employees in the year in which the gain/loss occurs, recorded from the following fiscal year.
- (3) Provision for environmental remediation

In order to reserve for outlays for legally required removal and disposal of PCB, etc.,

the estimated amount of future obligations is recorded.

(4) Provision for reorganization of R&D and manufacturing base

In order to reserve for outlays related to reorganization of R&D and manufacturing base, the estimated amount of future obligations is recorded.

4. Accounting policies for the translation of foreign currency-denominated assets and liabilities into Japanese yen

Monetary receivables and payables denominated in foreign currencies are translated into Japanese yen at the exchange rate at the balance sheet date. The foreign currency exchange gain and loss from translation are recognized in income.

5. Hedge accounting

(1) Hedge accounting method

Deferred hedge accounting is applied. Designation accounting is used for forward foreign exchange and foreign currency swaps that meet the requirements for designation accounting, and exceptional accounting is used for interest rate swaps that meet the requirements for exceptional accounting.

(2) Hedging instruments and items covered

<u>Instruments</u> <u>Items covered</u>

Forward foreign exchange contracts

Foreign currency-denominated monetary claims and obligations and forecasted

foreign currency-denominated transactions

Foreign currency swaps Borrowings and bonds

Interest rate swaps Borrowings
Commodity swaps Raw materials

(3) Hedging policy

Forward foreign exchange transactions are used only to cover actual foreign exchange needs, and foreign exchange swaps are made to match the principal amount and term of the hedged foreign currency-denominated obligation. Interest rate swaps are entered into for the amount of borrowings only. Commodity swaps are entered into for the trade amount of raw materials. It is the Company's policy not to use any derivative transactions for speculative purposes.

(4) Method for evaluating the effectiveness of hedges

The validity of hedges is evaluated based on a comparison of total fluctuations in the cash flow or fluctuations in the market value of the hedged item with the total fluctuations in the cash flow or fluctuations in the market value of the hedging instrument. However, for items covered by designation or exceptional accounting, the validity of the hedge is not evaluated.

6. Accounting treatment of consumption tax

Consumption tax and local consumption taxes are excluded. Suspense consumption taxes paid and received are offset and net amount is recorded within accounts receivable-other in current assets.

(Changes in Presentations)

Non-consolidated Statement of Income

"Litigation expenses" which was presented separately in the previous fiscal year, is included in "Other" of Non-operating Expenses in the current fiscal year, because its materiality decreased. The amount of

"Litigation expenses" in the current fiscal year is ¥1,342 million.

(Additional information)

Application of the Implementation Guidance on Recoverability of Deferred Tax Assets
The Company has applied "Implementation Guidance on Recoverability of Deferred Tax Assets"
(Accounting Standards Board of Japan (ASBJ) Guidance No. 26 of March 28, 2016), effective from fiscal 2017.

| | Masashi Aizawa |
| | Designated Unlimited Liability Partner, Engagement Partner, Certified Public Accountant: |

Shinji Dobata

Pursuant to the fourth paragraph of Article 444 of the Companies Act, we have audited the consolidated financial statements, namely, the consolidated balance sheet as of December 31, 2017 of Bridgestone Corporation (the "Company") and its consolidated subsidiaries, and the related consolidated statements of income and changes in equity for the fiscal year from January 1, 2017 to December 31, 2017, and the related notes.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable

assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Audit Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Bridgestone Corporation and its consolidated subsidiaries as of December 31, 2017, and the results of their operations for the year then ended in accordance with accounting principles generally accepted in Japan.

Interest

Our firm and the engagement partners do not have any interest in the Company for which disclosure is required under the provisions of the Certified Public Accountants Act.

The above represents a translation, for convenience only, of the original report issued in the Japanese language.

Pursuant to the first item, second paragraph of Article 436 of the Companies Act, we have audited the financial statements, namely, the balance sheet as of December 31, 2017 of Bridgestone Corporation (the "Company"), and the related statements of income and changes in equity for the 99th fiscal year from January 1, 2017 to December 31, 2017, and the related notes and the accompanying supplemental schedules.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements and the accompanying supplemental schedules in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements and the accompanying supplemental schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements and the accompanying supplemental schedules based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and the accompanying supplemental schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements and the accompanying supplemental schedules. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements and the accompanying supplemental schedules, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements and the accompanying supplemental schedules in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of

accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements and the accompanying supplemental schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Audit Opinion

In our opinion, the financial statements and the accompanying supplemental schedules referred to above present fairly, in all material respects, the financial position of Bridgestone Corporation as of December 31, 2017, and the results of its operations for the year then ended in accordance with accounting principles generally accepted in Japan.

Interest

Our firm and the engagement partners do not have any interest in the Company for which disclosure is required under the provisions of the Certified Public Accountants Act.

The above represents a translation, for convenience only, of the original report issued in the Japanese language and "the accompanying supplemental schedules" referred to in this report are not included in the attached financial documents.

Audit Committee's Audit Report

Audit Report

The Audit Committee has conducted audits of the Members of the Board and Executive Officers with regard to their performance of duties during the 99th business year (from January 1, 2017 to December 31, 2017). A report covering the method and results of the audit follows.

1. Method and Contents of Audit

The Audit Committee received reports regularly from the Members of the Board, Executive Officers, employees and other relevant personnel and requested explanations from them as necessary, and expressed their opinions, regarding the status of the establishment and operation of the contents of the Board of Directors' resolutions related to matters set forth in Article 416, Paragraph 1, Item 1 (b) and (e) of the Companies Act of Japan and the systems based on such resolutions (internal control systems). At the same time, the Audit Committee conducted audits using the following methods:

- (1) In accordance with the audit policy, assignment of duties and other matters established by the Audit Committee, and in collaboration with the internal audit division and other relevant functions, the Audit Committee attended important meetings, received reports on the status of performance of duties from the Members of the Board, Executive Officers and other relevant personnel, requested explanations as necessary, examined important approval/decision documents, and inspected the status of the corporate affairs and assets at the head office and other principal business locations. Also, with respect to the subsidiaries, the Audit Committee endeavored to facilitate a mutual understanding and exchanged information with the Members of the Board, Corporate Auditors and other relevant personnel of each subsidiary and received reports on their respective business as necessary.
- (2) The Audit Committee monitored and verified whether the Independent Auditors maintained their independence and properly conducted their audits, received a report from the Independent Auditors on the status of performance of duties, and requested explanations as necessary. In addition, the Audit Committee was notified by the Independent Auditors that they had established a "system to ensure that the duties of the Independent Auditors were properly conducted" (the matters listed in the items of

Article 131 of the Company Accounting Regulations) in accordance with the "Quality Control Standards for Audits" (Business Accounting Council on October 28, 2005) and requested explanations as necessary.

Based on the above-described methods, the Audit Committee examined the business report and its supplemental schedules, the non-consolidated financial statements (the non-consolidated balance sheet, the non-consolidated statements of income, the non-consolidated statement of changes in equity and notes to the non-consolidated financial statements) and their supplemental schedules, as well as the consolidated financial statements (the consolidated balance sheet, the consolidated statements of income, the consolidated statement of changes in equity and notes to the consolidated financial statements) for the business year under consideration.

2. Results of Audit

- (1) Results of Audit of Business Report and Other Relevant Documents
 - (i) We acknowledge that the business report and its supplemental schedules fairly present the status of the Company in conformity with the applicable laws, regulations and the Articles of Incorporation of the Company.
 - (ii) We acknowledge that no misconduct or material fact constituting a violation of any law, regulation or the Articles of Incorporation of the Company was found with respect to the performance of the duties by the Members of the Board or the Executive Officers.
 - (iii) We acknowledge that the Board of Directors' resolutions with respect to the internal control systems are appropriate. In addition, we did not find any matters to be mentioned with respect to the description concerning the internal control systems in the business report.
- (2) Results of Audit of Non-consolidated Financial Statements and their Supplemental Schedules

We acknowledge that the methods and results of audit performed by the Independent Auditors, Deloitte Touche Tohmatsu LLC, are appropriate.

(3) Results of Audit of Consolidated Financial Statements

We acknowledge that the methods and results of audit performed by the Independent Auditors, Deloitte Touche Tohmatsu LLC, are appropriate.

PROJECTIONS FOR FISCAL 2018

The Group's operating environment will continue to require careful attention due to such factors as fluctuations in exchange rates and the price of raw materials and feedstocks, an ongoing lack of clarity in the global economic situation, and international political conditions that remain unstable.

Amid such a challenging business environment, the Group projects the following results through the implementation of Mid-Term Management Plan initiatives.

| (Consolidated) | | Fiscal 2018 | Fiscal 2017 | Increase | | |
|----------------|---------------|-------------|-----------------|-----------------|-----------------|-----|
| (Consolida | atea) | | projections | | (Decrease) |) |
| | | | Yen in billions | Yen in billions | Yen in billions | % |
| | Net sales | | 3,800.0 | 3,643.4 | 156.5 | 4 |
| | Operating | income | 463.0 | 419.0 | 43.9 | 10 |
| Full-year | Ordinary in | ncome | 439.0 | 400.5 | 38.4 | 10 |
| | Profit attrib | outable to | 308.0 | 288.2 | 19.7 | 7 |
| | owners of | parent | 306.0 | 200.2 | 19.7 | , |
| | | | Yen | Yen | | |
| Full-year | Exchange | yen/dollar | 108 | 112 | | (4) |
| i uli-yeal | rate | yen/euro | 132 | 127 | _ | 4 |

DIVIDENDS

Cultivating global corporate culture

Advance brand strategy

Holding of "Bridgestone X Olympic X Paralympic a GO GO!"

As we approach the Olympic and Paralympic Games Tokyo 2020, we hold events to promote the Olympic and Paralympic Movement with stakeholders in local communities. Going forward, we will continue to plan sports events and Paralympic sports experiences so participants can enjoy with Olympians and Para-athletes in various local communities.

Supplied fuel-efficient tires with ologic* technology for solar cars at 2017 Bridgestone World Solar Challenge

By serving as the title sponsor of the international solar car race by supplying tires with the latest technology, Bridgestone supported the challenges of young engineers who will bear the future of the industry.

*ologic is a type of fuel-efficient tire technology, where aero-dynamic resistance is reduced due to the narrow tread width, and rolling resistance is significantly reduced owing to the large diameter and high internal pressure.

Advance innovation (technology, business model & design)

Held opening ceremony for new headquarters of American subsidiary in Nashville, Tennessee

Bridgestone introduced a bold new office structure aimed at improving the workplace for team members, and steadily achieved results in terms of improving collaboration and communication within the company and developing innovation capabilities. This subsidiary is expected to become the model for the global development of new offices going forward.

Established new mining solution business base in Australia

At its new home base, Bridgestone's mining solutions business will utilize its unique digital tools to gather and analyze data, and provide customized solutions that are intrinsically linked to the actual sites of operations by combining services including the sales, maintenance and repair of tires for mining vehicles and conveyor belts for mining etc., the improvement and repair of rims, as well as the fitting of tires.

Start of technical support for Para-athletes

By assembling technology related to tires and goods for bicycles and sports that it has cultivated over the years, Bridgestone will support Para-athletes. We have been working on the development of products including rubber soles for sports prosthetic feet that can be used to run safely on various road surfaces, and rubber for wheelchair racing gloves that will reduce the burden on the hands when turning the wheels.

Start of joint development with Professor Kenji Kawashima from Tokyo Medical and Dental University (TMDU) of a walking training machine to improve senior health

The training machine utilizes rubber pneumatic artificial muscles attached to the user to assist walking or to apply load to the body. It is expected to be used in helping senior adults undergo training to increase their physical strength and ultimately improve their health. A prototype has already been completed, and in 2018, the development project plans to start verification tests aimed at achieving practical application.
